

Dear Fellow Conservatives,

With the 2008 elections quickly approaching, now is the time for Monroe County Republicans to unite and begin working toward victory this fall. As the Democrats promote national healthcare, higher taxes, and more big government programs, we must stand against their advancement of **SOCIALISM**. The Republican Party must stand firm on our core principles:

1. **Peace through strength**, a strong military to defend America in the war against terrorism.
2. **Strong economy** through tax cuts, support of free enterprise, that we keep our jobs at home and see to it those jobs are filled by Americans first.
3. **Traditional values** to support the family as the foundation of a stable society.

In 1966, a few days after announcing he was a candidate for governor of California, Ronald Reagan appeared on NBC's Meet The Press and was asked why he wanted to be governor.

He answered "that he believed it was high time that more people from the rank and file of the citizenry involve themselves so that we can have government of and by, as well as for the people."

Now is the time for you, the rank and file members of our party, to get involved! By contributing to the Republican Central Committee you will play a crucial role in our efforts to recruit and elect candidates for public office and precinct committeemen that embrace our party's principles.

Rest assured, that as Chairman of the Monroe County Central Committee, I will do all I can to earn your confidence and goodwill. I believe that together, our faithful Monroe County Republican voters, donors, volunteers and committeemen will do their parts to strengthen the Republican Party in Monroe County.

Are you interested in serving on a committee, running for public office, or know of someone who is interested or you believe is qualified to run for office? Please do not hesitate to contact me with any questions or concerns.

Sincerely,
Myron Neff, Chairman
